Subj: Corning Glass request
for utilization of STAT

Reference: Corning request and
Immigrant Alien Questionnaire
(both attached)

1. We (I) have been trying to get
some response from Corning to their
problem of developing improved rear
projection screens on the basis
of their solid state knowledge.
2. They have countered with

the proposal that the subject individual be utilized.

3. The security problem seems insurmountable, but the man comes so highly recommended, I requested he send this info in hopes we might run the project under some kind of a front - say like NASA.
